PINNACLE
PCTV Sat CI

Free and pay
digital satellite TV on your PC

Superior reception
- Receive free and subscriber digital satellite TV and radio
- Compatible with the Conditional Access Modules (CAMs) used by most subscriber digital satellite broadcasters
- DVB-S standard for digital-quality audio and video reception

Viewing comfort
- Full-screen or scaleable window viewing
- Multi-channel preview matrix
- Digital radio in near audio CD quality (MPEG1 Layer 2)
- Infra-red remote control included

Easy setup
- PCTV Installation Assistant guides you step by step
- Sat-Finder tool informs you about signal strength via a cordless or mobile phone
- Automatic channel name recognition for rapid configuration

Pause live TV
- Pause and resume viewing without missing a second of the programme thanks to Time Shift technology
- Watch instant replays using the Time-Slider to jump forward and backwards in Time Shift mode

Personal video recorder
- Automatically select channels and recording times
- Record TV programmes on the PC's hard drive in original MPEG-2 format
- Capture video stills
- Trim out ads and burn recordings to CD and DVD

Powerful Software
- **PCTV Vision 5:** for watching, recording and organizing TV programmes. Also lets you record radio in Microsoft Audio or MPEG Layer 2 format.
- **WebText:** Faster and easier way to browse Teletext pages
- **T-Rex:** Convert any video file into MPEG-1 or MPEG-2 format
