High-Quality MPEG Recorder

Pinnacle PCTV Deluxe supports **MPEG-2 and MPEG-1 recording in real-time** from practically any video source. Record TV shows from your cable, antenna or your Digital TV set top box. Simply connect your camcorder or DVD-player and store the incoming video in MPEG format on your hard disk or other digital media.
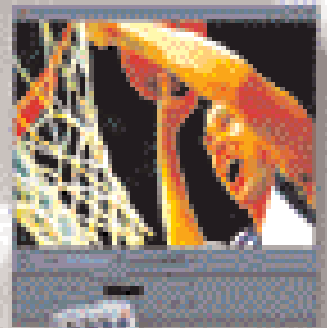

Then you can use your CD or DVD burner to burn Video CD's, Super Video CD's or DVD's right from the software – no need to open another application.

Watch your favorite TV shows on your PC
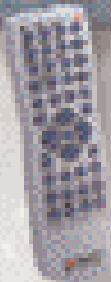

Programmable remote included!

Watch TV on your PC

Simply hook up your cable or antenna to Pinnacle PCTV Deluxe, grab the remote and you're ready to go. Pinnacle PCTV Deluxe contains a **state-of-the-art television tuner with automatic chanel recognition**, allowing you to watch any program on your PC monitor. Keep an eye on the game while you're working by reducing the window size, or go full-screen for the ultimate TV experience.
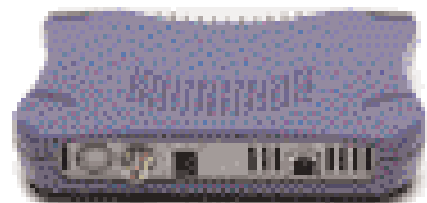

Combines Teletext with the Internet and gives you instant access to all Teletext pages with convenient search engine and TOP-Text support

Turn your PC into a Personal Video Recorder

Take control of your TV. Watch what you want, when you want, and how you want! With Pinnacle PCTV Deluxe, you can pause live TV shows, skip commercials, create your own instant replays and zoom in on any part of the screen. Pinnacle PCTV Deluxe will also let you **record your favorite shows directly to your hard drive** at full DVD quality – no more fuzzy old videotapes to worry about!

Record your TV shows in MPEG-2

Directly burn your favorites to CD or DVD or convert to other file formats using Pinnacle TRex

Just plug your cable into the back and you're ready to go!
